

Oral Id	Name of Presenting Author	Affiliation of Presenting Author	Country	Abstract Title	Time	Date	Hall	Time	Preferred Presentation
OP1	Suhas Bavikar	Consultant Nephrologist	India	Management of second kidney transplant - Aurangabad Experience	0800 - 0900	30th September 2019	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP2	Huanxi Zhang	the first affiliated hospital of Sun Yat-sen university	China	Diagnostic performance of donor-derived plasma cell-free DNA fraction for antibody-mediated rejection in post renal transplant recipients: A prospective observational study	0800 - 0900	30th September 2019	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP3	SANDEEP KUMAR	A SHARMA	India	Temporary withdrawal of immunosuppression for life-threatening infections after renal transplantation and long term outcome- Single centre experience	0800 - 0900	30th September 2019	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP4	Itsuto Hamano	Oyokyo Kidney Research Institute	Japan	Outcome of ABO-blood type incompatible kidney transplantation (ABOi-KT) under a contemporary immunosuppression strategy in Japan	0800 - 0900	30th September 2019	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP5	Sonu Manuel	nizams institute of medical sciences	India	Clinical Profile of acute cellular rejection in renal transplant recipients	0800 - 0900	30th September 2019	Hall E (Pancreas)	5 min	Mini Oral Presentation
OP6	Mudit Khurana	Department of Nephrology, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow, India	India	Long term graft outcomes of post transplant IgA nephropathy in live donor renal transplantation	0800 - 0900	30th September 2019	Hall E (Pancreas)	5 min	Mini Oral Presentation
OP7	Jonnalagadda Neeharika	senior resident, NIMS	India	Clinicopathological Profile of Rejections among renal allograft recipients at a tertiary center in South India	0800 - 0900	30th September 2019	Hall E (Pancreas)	5 min	Mini Oral Presentation
OP8	Mirza Naqi Zafar	Department of Transplant Immunology	Pakistan	Infections a major killer of HLA identical kidney transplants. A report from a low resource country	0800 - 0900	30th September 2019	Hall E (Pancreas)	5 min	Mini Oral Presentation
OP9	Raj Kumar Sharma	Dr.Raj Kumar Sharma, Director & Head	India	Donor specific anti HLA sensitization is associated with inferior short term outcome in ABO- incompatible renal transplantation.	0800 - 0900	30th September 2019	Hall E (Pancreas)	5 min	Mini Oral Presentation
OP11	Pooja Maheshwari	Department of Renal Pathology and Electron Microscopy, Dr Lal Pathlabs National Reference	India	Evaluation of Excessive Calcium Oxalate crystal deposition in Renal Allograft Biopsies: A Case series	0800 - 0900	30th September 2019	Hall E (Pancreas)	5 min	Mini Oral Presentation
OP12	Kulwant Singh	Grecian Hospital, Mohali, India	India	Rare, yet emerging cause of graft dysfunction - ALECT 2 amyloidosis	0800 - 0900	30th September 2019	Hall E (Pancreas)	5 min	Mini Oral Presentation
OP13	ZAFIRAH	SGPGIMS	India	Role of PLA2R immunostaining in post-transplant renal allograft biopsy with membranous nephropathy	0800 - 0900	30th September 2019	Hall G (HLA / Immunogenetics)	5 min	Mini Oral Presentation

OP14	P. Prasad	Max superspeciality Hospital,Saket, New Delhi, India	India	EBV related Post transplant lymphoproliferative disorder: Overcoming the obstacles!	0800 - 0900	30th September 2019	Hall G (HLA / Immunogenetics)	5 min	Mini Oral Presentation
OP15	Longshan Liu	The First Affiliated Hospital Of Sun Yet-sen University	China	Outcome of Renal Transplant in Children with Genetic Kidney Diseases	0800 - 0900	30th September 2019	Hall G (HLA / Immunogenetics)	5 min	Mini Oral Presentation
OP17	Miho Akabane	Toranomon Hospital, Kidney Center	Japan	The effectiveness of nephrectomy and transcatheter arterial embolization before kidney transplantation in autosomal domestic polycystic kidney disease	0800 - 0900	30th September 2019	Hall G (HLA / Immunogenetics)	5 min	Mini Oral Presentation
OP18	Sivakumar	Maslach Burnout Inventory	India	A Cross-Sectional Study on Prevalence of Burnout and Related Factors in Transplant Coordinators	0800 - 0900	30th September 2019	Hall G (HLA / Immunogenetics)	5 min	Mini Oral Presentation
OP19	Sarang Vijayan	Senior Resident	India	Risk Factors for Mortality in Kidney Transplant Recipients ñ A Retrospective Cohort Study.	0800 - 0900	30th September 2019	Hall G (HLA / Immunogenetics)	5 min	Mini Oral Presentation
OP20	Sreeram Venugopal	Institute of Nephrology, Madras Medical College, Chennai, Tamil Nadu, India	India	Thrombotic microangiopathy among renal transplant recipients: Clinical profile, etiology and outcome.	0800 - 0900	30th September 2019	Hall G (HLA / Immunogenetics)	5 min	Mini Oral Presentation
OP89	Heungman Jun	Inje University Ilsan Paik Hospital	South Korea	Is Kidney Donor Profile Index (KDPI) score reliable in kidney transplantation from elderly deceased donors?	0800 - 0900	30th September 2019	Hall G (HLA / Immunogenetics)	5 min	Mini Oral Presentation
OP22	H. Gulhane	Global hospital, Mumbai	India	Utility of panel reactive antibody (PRA) screening in kidney transplant patients	0800 - 0900	1st October	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP23	I. Parekh	Global hospital, Mumbai	India	Outcome of ABO incompatible kidney transplant with low and high baseline titres	0800 - 0900	1st October	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP24	I. Parekh	Global hospital, Mumbai	India	Short term outcome of ABO incompatible kidney transplant in those with low and high baseline isohemagglutinin titres	0800 - 0900	1st October	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP25	VARUN GOSAIN	SCB GOVT MEDICAL COLLEGE CUTTACK	India	Basiliximab versus no induction therapy in low immunological risk kidney transplant recipients- A prospective study from eastern India	0800 - 0900	1st October	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP26	Ankit Data	Senior Resident	India	Non Induction Therapy In Low Risk Living Related Kidney Transplantation	0800 - 0900	1st October	Hall C (Kidney 2)	8 min	Full Oral Presentation
OP27	Akhilesh Jaiswal	Department of Nephrology, Sanjay Gandhi Postgraduate Institute Medical Sciences, Lucknow, INDIA	India	Synergistic Effect of MDR1 and CYP3A5 Gene Polymorphism on Tacrolimus Dosing in Renal Transplant Recipients	0800 - 0900	1st October	Hall E (Pancreas)	8 min	Full Oral Presentation

OP28	Romina Angangco Danguilan	National Kidney and Transplant Institute	Philippines	Pharmacokinetic Profile and Clinical Outcome of Generic Tacrolimus (Cidimus) versus Reference Tacrolimus (Prograf) in Kidney Transplant Recipients	0800 - 0900	1st October	Hall E (Pancreas)	8 min	Full Oral Presentation
OP29	Abhinav Seth	Postgraduate Institute of Medical Education and Research	India	Long term analysis of single dose (1.5mg/kg) vs three doses (1mg/kg/day) of anti thymocyte globulin in renal transplant	0800 - 0900	1st October	Hall E (Pancreas)	8 min	Full Oral Presentation
OP30	Menal Wali	Global hospital, Mumbai	India	Tacrolimus induced neurotoxicity which reversed after conversion from tacrolimus to cyclosporine.	0800 - 0900	1st October	Hall E (Pancreas)	8 min	Full Oral Presentation
OP31	Pande Made Wisnu Tirtayasa	Institute of Cellular Medicine, Faculty of Medicine, Newcastle University, Newcastle upon Tyne, UK	UK	A novel role for C1q upon binding to C1q-fixing antibody on endothelial cell activation	0800 - 0900	1st October	Hall E (Pancreas)	8 min	Full Oral Presentation
OP32	Suhas Bavikar	Consultant Nephrologist	India	Role and scope of plasmapheresis in Kidney Transplantation	0800 - 0900	1st October	Hall E (Pancreas)	8 min	Full Oral Presentation
OP33	Anwar Naqvi	Sindh Institute of Urology and Transplantation	Pakistan	INH Prophylaxis in Renal Transplant Recipients: A Follow-up of 5 Years	0800 - 0900	1st October	Hall I	8 min	Full Oral Presentation
OP34	Minaxi Himanshu Patel	M.H.Patel	India	Outcome of Sofosbuvir based regimen in chronic hepatitis C patients with chronic kidney diseases on maintenance hemodialysis from western India.	0800 - 0900	1st October	Hall I	8 min	Full Oral Presentation
OP35	Ejaz Ahmed	Sindh Institute of Urology and Transplantation	Pakistan	Pulmonary nocardiosis in renal transplant patients in a tertiary care hospital in Pakistan	0800 - 0900	1st October	Hall I	8 min	Full Oral Presentation
OP36	Farina Hanif	Sindh Institute of Urology and Transplantation	Pakistan	Virological response to Sofosbuvir-based treatment in renal transplant recipients with Hepatitis C	0800 - 0900	1st October	Hall I	8 min	Full Oral Presentation
OP37	ARAVINTH KUMAR R	Nephrology registrar , institute of nephrology , madras medical college.	India	Post-renal Transplant Infections : A Two Decade Experience	0800 - 0900	1st October	Hall I	8 min	Full Oral Presentation
OP38	Farina Hanif	Sindh Institute of Urology and Transplantation	Pakistan	Frequencies of common infectious organism causing chronic diarrhea in renal transplant patients	0800 - 0900	1st October	Hall I	8 min	Full Oral Presentation
OP39	KADIYALA v RAVINDRA	Duke University, USA	USA	Successful use of deceased donor kidneys from Hepatitis C positive donors into Hepatitis C negative recipients in the current	1130 - 1250	1st October	Hall I	8 min	Full Oral Presentation
OP40	Santosh Varughese	Christian Medical College, Vellore	India	BK virus infection in renal allograft recipients – a prospective cohort study	1130 - 1250	1st October	Hall I	8 min	Full Oral Presentation
OP41	Santosh Varughese	Christian Medical College Vellore	India	Post transplant CMV infection – a prospective cohort study	1130 - 1250	1st October	Hall I	8 min	Full Oral Presentation

OP42	SONU MANUEL	nizams institute of medical sciences hyderabad telangana india	India	Early urinary tract infection post renal transplantation; a single centre experience from south india	1130 - 1250	1st October	Hall I	8 min	Full Oral Presentation
OP43	Rutul M Dave	IKDRC-ITS HOSPITAL	India	Impact of CMV infection in post renal transplant: A single center experience	1130 - 1250	1st October	Hall I	8 min	Full Oral Presentation
OP44	Kumar Avijeet Dash	SCB Medical college and Hospital	India	Parvovirus B19 ñ a true masquerader	1130 - 1250	1st October	Hall I	8 min	Full Oral Presentation
OP45	Farina Hanif	Sindh Institute of Urology and Transplantation	Pakistan	Frequency of hepatotropic viruses leading to deranged liver function in renal transplant recipients	1130 - 1250	1st October	Hall I	8 min	Full Oral Presentation
OP46	MATTEWADA NAVEEN KUMAR	DEPARTMENT OF NEPHROLOGY, JIPMER, PUDUCHERRY	India	BKV Nephropathy in renal transplant recipients – A single centre experience	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP47	Ilyassova Bibigul Saparbekovna	The National Scientific Center of Surgery named after A.Syzganov	Kazakhstan	Features of antiviral therapy of hepatitis B and C in patients with chronic renal failure	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP48	M. Shah	Global hospital, Mumbai	India	Efficacy and safety of GLP-1 analogue in diabetic Kidney Transplant patients	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP49	JYOTHIPRIYA JYOTHINDRAKUMAR	MADRAS MEDICAL COLLEGE, CHENNAI, INDIA	India	Incidence, clinical profile and outcome of transplant renal artery stenosis: A single centre experience	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP50	Anurag Gupta	Consultant, Nephrology	India	Comparison of the Microbiological Diagnosis of Severe Diarrhea in Kidney Transplant Recipients with the general population by Use of Multiplex PCR Assays	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP51	DONAKONDA ARUN KUMAR	PG IN DM NEPHROLOGY, DEPARTMENT OF NEPHROLOGY, SRM MEDICAL COLLEGE	India	Subcutaneous Phaeohyphomycosis in a Renal Transplant Recipient	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP52	Ravi Kumar Singh	Sir Ganga Ram Hospital	India	The emerging role of MALDI-TOF in the diagnosis of nocardiosis in renal transplant patients-a single center experience	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP53	Rahul kanjilal	dnb trainee	India	profile of non-bacterial infections specific to renal transplant recipients	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP54	Shena Jo A. Capucion-Quebec	National Kidney and Transplant Institute	Philippines	Treatment outcomes of direct-acting antiviral (DAA) therapy among chronic kidney disease (CKD) and post kidney transplant patients with hepatitis c virus (HCV) infection: Single centre experience in the Philippines	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP55	Huang Gang	Organ Transplant Center, The First Affiliated Hospital of Sun Yat-sen University	China	Donor-derived Cell-free DNA in Urine Identifies BKVN with Graft Injury in BK Viruria Kidney Transplant Recipients	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation

OP56	Takanori Mei	1)Department of Surgery and Oncology, Graduate School of Medical Sciences, Kyushu University, Fukuoka, Japan	Japan	Risk factors for hepatitis B virus (HBV) reactivation after kidney transplantation in occult HBV carriers.	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP57	JYOTHIPRIYA JYOTHINDRAKUM AR	MADRAS MEDICAL COLLEGE,CHENNAI,INDIA	India	Clinical profile and outcome of mucormycosis in renal transplant recipients : A single centre study	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP58	Yu Hisadome	Department of Surgery and Oncology, Graduate School of Medical Sciences, Kyushu University	Japan	Association of pretransplant BKV antibody status with BKV infection after kidney transplantation: a prospective cohort pilot study of 47 transplants.	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP59	Abhinav Seth	Postgraduate Institute of Medical Education and Research	India	Outcomes of surgical resection of pulmonary mucormycosis in renal transplant patients	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP77	Martí Manyalich	DTI Foundation	Spain	Impact on Donor Detection After the Implementation of a Quality System on the Kingdom of Saudi Arabia (KSA)	1350 - 1520	1st October	Hall I	5 min	Mini Oral Presentation
OP60	Ann Alex	MOHAN Foundation	India	Impact of myths on organ donation and transplantation in movies and television serials on the public in India	0800 - 0900	2nd October	Hall A (Kidney 1)	5 min	Mini Oral Presentation
OP61	Xiaojun Su	Organ Transplant Center, The First Affiliated Hospital of Sun Yat-sen University, Guangzhou, China;	China	A nomogram for predicting graft survival after pediatric donor kidney transplant by donor-recipient combination	0800 - 0900	2nd October	Hall A (Kidney 1)	5 min	Mini Oral Presentation
OP62	V.K Bansal	AIIMS, New Delhi	India	Surgical challenges in pediatric renal transplant: A single center experience	0800 - 0900	2nd October	Hall A (Kidney 1)	5 min	Mini Oral Presentation
OP63	Oliver Bernath	PricewaterhouseCoopers LLP UK	UK	Calculating the costs and cost savings of organ transplants - a health economics	0800 - 0900	2nd October	Hall A (Kidney 1)	5 min	Mini Oral Presentation
OP64	Mustafa Al-Mousawi	OTC, Kuwait	Kuwait	Declaration of Istanbul, Is it one size fits all?	0800 - 0900	2nd October	Hall A (Kidney 1)	5 min	Mini Oral Presentation
OP65	Praveen Kumar Etta	Consultant nephrologist	India	Automated peritoneal dialysis is a superior option for management of post-renal transplant delayed graft function	0800 - 0900	2nd October	Hall A (Kidney 1)	5 min	Mini Oral Presentation
OP67	Manoj Gupta	DNB NEPHROLOGY TRAINEE ,KOLKATA	India	SERUM CHANGES IN FIBROBLAST GROWTH FACTOR-23 (FGF-23) AND BIOMARKERS OF BONE MINERAL METABOLISM IN ADULTS AFTER KIDNEY TRANSPLANT AND THEIR CORRELATION WITH PATIENT AND GRAFT SURVIVAL	0800 - 0900	2nd October	Hall A (Kidney 1)	5 min	Mini Oral Presentation
OP68	Shefali Gupta	Department of Nephrology, Sanjay Gandhi Postgraduate Institute Medical Sciences, Lucknow, INDIA	India	Utility of Procalcitonin as a biomarker to differentiate infection and graft rejection in live donor renal transplant recipients Shefali Gupta Shefali Gupta	0800 - 0900	2nd October	Hall C (Kidney 2)	5 min	Mini Oral Presentation

OP70	Kalpesh Gohel	Kiran Multi Super Speciality Hospital and Research Centre	India	Sofosbuvir based HCV treatment in MHD patients: single centre study	0800 - 0900	2nd October	Hall C (Kidney 2)	5 min	Mini Oral Presentation
OP71	Ruju Gala	Department of Nephrology and Renal Transplantation, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow, India	India	Long term outcomes of post-transplant infections in adult renal transplant recipient	0800 - 0900	2nd October	Hall C (Kidney 2)	5 min	Mini Oral Presentation
OP72	Farina Hanif	Sindh Institute of Urology and Transplantation	Pakistan	Post-transplant de novo Hepatitis C virus infection in renal transplant recipients: Its impact on morbidity and mortality	0800 - 0900	2nd October	Hall C (Kidney 2)	5 min	Mini Oral Presentation
OP73	Sushma Singh	Sanjay Gandhi Post Graduate Institute of Medical Sciences, Lucknow	India	Involvement of Mitogen activated protein kinase (MAPK) pathway: Circulatory micro-RNAs affect the signaling pathway in patients with chronic antibody mediated rejection (CABMR) of renal transplant	0800 - 0900	2nd October	Hall C (Kidney 2)	5 min	Mini Oral Presentation
OP74	VARUN GOSAIN	SCB MEDICAL COLLEGE CUTTACK	India	Persistent suprathereapeutic tacrolimus trough concentration- A case solved by CYP3A5 genotyping	0800 - 0900	2nd October	Hall C (Kidney 2)	5 min	Mini Oral Presentation
OP75	NEILSEN N. NILO	FELLOW IN TRAINING	Philippines	AN UPDATE: RENAL RESISTANCE AND FLOW RATES OF KIDNEYS IN HYPOTHERMIC PERFUSION DEVICES AS FACTORS THAT AFFECT THE OUTCOMES AMONG DECEASED DONOR KIDNEY TRANSPLANT PATIENTS OF THE NATIONAL KIDNEY AND TRANSPLANT INSTITUTE	0800 - 0900	2nd October	Hall C (Kidney 2)	5 min	Mini Oral Presentation
OP76	Yun Ren, Li	Division of Urology, Department of Surgery, Chang Gung Memorial Hospital, Taoyuan, Taiwan	Taiwan	The impact of intraoperative graft blood flow measurement on early graft function	0800 - 0900	2nd October	Hall C (Kidney 2)	5 min	Mini Oral Presentation
OP78	Maria Theresa Bad-ang	South Philippines Medical Centre	Spain	Impact of ISN-TTS Sister Transplant Center program in the donation activity of Southern Philippines Medical Centre	0800 - 0900	2nd October	Hall B	8 min	Full Oral Presentation
OP79	Maria Paula Gómez	DTI Foundation	Spain	Asia Organ Donation and Transplantation Activity 2018: Results from the International Registry on Organ Donation and Transplantation (IRODAT)	0800 - 0900	2nd October	Hall B	8 min	Full Oral Presentation
OP80	Marc Angelo P. Hizon	National Kidney and Transplant Institute	Philippines	Graft and recipient outcomes of deceased donor renal transplantation at the National Kidney and Transplant Institute (Year 2010-2017)	0800 - 0900	2nd October	Hall B	8 min	Full Oral Presentation

OP81	Vasanthi Ramesh	National Organ and Tissue Transplant Organization (NOTTO), Directorate General Health Services, MoHFW, GOI	India	Twenty-Five Years of the Transplantation of Human Organs and Tissues Act, 1994 ñ the Milestones Accomplished and the Road Ahead	0800 - 0900	2nd October	Hall B	8 min	Full Oral Presentation
OP82	G. N. R. Patel	DM resident, NIZAM'S INSTITUTE OF MEDICAL SCIENCES	India	A review of expanded criteria kidney donations and organ utilization in state run cadaver transplantation program (Jeevandan) in India.	0800 - 0900	2nd October	Hall B	8 min	Full Oral Presentation
OP83	Sandeep Kumar	ashish sharma	India	Single centre experience of dual kidney cadaveric transplant	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP84	Gaurav Shanker Pandey	Postgraduate Institute Medical Education & Research, Chandigarh, India	India	Analysis of organ utilization from deceased organ donation in India	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP85	Abhinav Seth	Postgraduate Institute of Medical Education and Research	India	Risk for delayed graft function in deceased donor renal transplant patients – A Single centre experience from North India	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP86	Xiaojun Su	Organ Transplant Center, The First Affiliated Hospital of Sun Yat-sen University, Guangzhou, China;	China	Transplantation of single small pediatric donor kidneys to children with poor access to transplantation: A two-year outcome analysis	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP87	Poorva Singh	National Organ and Tissue Transplant Organization (NOTTO), Directorate General Health Services, MoHFW, GOI	India	2011 Amendment of the Transplantation of Human Organs Act, 1994 – Salient Additions and the Challenges in its Execution	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP88	Mohit Naredi	Puspawati Singhanian Research Institute, New Delhi	India	Effect of renal transplant on blood pressure control of recipient and its utility to predict graft survival	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP90	Sharmila Thukral	Rabindranath Tagore International Institute of Cardiac Sciences ( Narayana Health Hospitals ) , Kolkata, India	India	Long term sequelae of kidney donation in complex living kidney donors	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP91	Itsuto Hamano	Oyokyo Kidney Research Institute	Japan	Living kidney transplantation with expanded-criteria donors (ECD) presents feasibility in donor renal function despite inferior recipient renal function	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP92	SUNIL KUMAR	FORTIS HOSPITAL MOHALI	India	Outcome of ABO incompatible and compatible living donor kidney transplants ñ a comparative study from a single centre in North India	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation
OP93	G. S. Karthik	post graduate	India	Deceased donors and their kdpi score ñ single center study	1145 - 1300	2nd October	Hall B	5 min	Mini Oral Presentation

OP94	Chloe Balleste	University of Barcelona/DTI Foundation	Spain	Impact of organ donation training	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP95	R. SUJITH REDDY	OSMANIA HOSPITAL	India	Women Donate, Men Receive: The Lopsided Truth About Organ Donations	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP96	Mustafa Al-Mousawi	OTC, Kuwait	Kuwait	Organ Procurement in Kuwait: Challenges in a Multicultural Society	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP97	Kunal Kapoor	Post Graduate Institute of Medical Education and Research, Chandigarh	India	Evolution of the deceased donor transplant program- A study of the measures taken to improve organ donation rates	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP98	Daniyar Toksanbayev	Asphendiyarov Kazakh National Medical University	Kazakhstan	Awareness and attitude about deceased organ donation among medical students	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP99	Mohammad Shakib Uz Zaman Arefin	Kidney Foundation Hospital and Research Institute,Dhaka	Bangladesh	The start of ABO incompatible Kidney Transplantation in Bangladesh - review of five cases.	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP100	Khawar Abbas	Sindh Institute of Urology and Transplantation	Pakistan	Plasma cell-rich acute rejections in living-related kidney transplantation: A clinicopathological study of 50 cases	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP101	Harshit patel	department of nephrology IKDRC	India	Outcome of renal transplantation in Alport's syndrome: a single-center experience.	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP102	Ji Bao	West China Hospital, Sichuan University	China	sgRNA rapid screening platform targeting porcine gene was used to generate genetic modification pigs	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP103	Lovy Gaur	Sir Gangaram Hospital	India	To study the outcomes of ABO incompatible transplants with baseline high and low blood group antibody titers with outcomes of ABO compatible transplants	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP104	Mohammad Shakib Uz Zaman Arefin	Kidney Foundation Hospital and Research Institute,Dhaka	Bangladesh	New human organs acts in Bangladesh	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP105	Ngu Wah Wah MIn	Department of Nephrology, University of Medicine -1, Yangon, Myanmar	Myanmar	Factors Influencing Early Graft Function in Renal Transplant Recipients	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP106	Gaurav Shanker Pandey	Postgraduate Institute Medical Education & Research, Chandigarh, India	India	Reasons for Low utilization of pancreas for transplantation from deceased donor: analysis of data from a single center in India	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP107	Yajvender Pratap Singh Rana	Consultanat	India	To assess the benefits of ERAS in Live Kidney Donors	1400 - 1620	2nd October	Hall B	5 min	Mini Oral Presentation
OP108	Rizvi SJ	Institute of Kidney Diseases and Research Centre and Institute of Transplantation Sciences, India	India	Donor and recipient outcomes of retroperitoneal laparoscopic donor nephrectomy in obese versus non obese donors: a prospective study	0800 - 0900	2nd October	Hall D	8 min	Full Oral Presentation

OP109	Abhinav Seth	Postgraduate Institute of Medical Education and Research	India	Outcomes of Right Renal Vein Lengthening using Right Gonadal vein in Laparoscopic Donor Nephrectomies	0800 - 0900	2nd October	Hall D	8 min	Full Oral Presentation
OP110	Bipin Chandra Pal	Senior consultant Urology and transplantation surgery.Yashoda Hospital. Hyderabad	India	Complex vascular anatomy in retroperitoneoscopic donor nephrectomy	0800 - 0900	2nd October	Hall D	8 min	Full Oral Presentation
OP111	Syed Yasir Qadri	Max Super Specialty Hospital, Saket	India	Prospective Non-randomized comparison between Open and Robot Assisted Kidney Transplantation	0800 - 0900	2nd October	Hall D	8 min	Full Oral Presentation
OP112	Pankaj Panwar	Associate Consultant	India	Comparative analysis of live donor kidney transplantation in double renal arteries with 30/70 lumen discrepancy using Pyjama Bench reconstruction versus separate implantation technique	0800 - 0900	2nd October	Hall D	8 min	Full Oral Presentation
OP113	Manjunath Maruti Pol	ALL INDIA INSTITUTE OF MEDICAL SCIENCES, NEW DELHI	India	Hydrostatic-dilatation plus balloon-angioplasty versus hydrostatic-dilatation plus malleable-dilator for cephalic veins with $\leq$ 2mm diameter for creation of arteriovenous fistula	0800 - 0900	2nd October	Hall D	8 min	Full Oral Presentation
OP114	Jun Araki	Shizuoka Cancer Center	Japan	Anorectal transplantation: the first long-term successful report in a preclinical canine	1145 - 1300	2nd October	Hall D	8 min	Full Oral Presentation
OP115	Muzzain iqbal	SKIMS , DEPARTMENT OF UROLOGY..	India	Evaluation of surgical complications in Live related renal transplantation: SKIMS experience	1145 - 1300	2nd October	Hall D	8 min	Full Oral Presentation
OP116	Ravi Angral	Dyanand Medical College and Hospital,Ludhiana	India	IN-VIVO EXCISION OF DONOR RENAL ANGIOMYOLIPOMA WITH CONCURRENT TRANSPLANTATION	1145 - 1300	2nd October	Hall D	8 min	Full Oral Presentation
OP117	Kohei Kinoshita	1. Japanese Red Cross Kumamoto Hospital 2. Aichi Medical University	Japan	Optimizing intraoperative blood pressure to improve outcomes in living donor kidney transplantation	1145 - 1300	2nd October	Hall D	8 min	Full Oral Presentation
OP118	Om Prakash	AIIMS, New Delhi	India	Renal transplant with complex vascular anatomy: A single center experience	1145 - 1300	2nd October	Hall D	8 min	Full Oral Presentation
OP119	UMAR MAQBOOL	AIIMS, New Delhi	India	Impact of clinical parameters and vascular hemodynamics on outcome of AV fistula: a prospective study	1145 - 1300	2nd October	Hall D	8 min	Full Oral Presentation
OP120	Rehan Mohsin	Sindh Institute of Urology and Transplantation	Pakistan	Outcomes of laparoscopic donor nephrectomy in presence of double renal	1145 - 1300	2nd October	Hall D	8 min	Full Oral Presentation
OP126	Yuki Nakamura	Department of surgery Nephrology center Toranomom Hospital	Japan	Renal vein elongation using gonadal vein during retroperitoneoscopic living donor kidney transplantation	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation

OP121	S. Padmanabhan	NU Hospital, Rajajinagar, Bengaluru	India	Is Laparoscopic Donor Nephrectomy harmful for the donor?	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation
OP122	Vipin Tyagi	Consultant Sir Ganga Ram Hospital New Delhi	India	The right Donor Nephrectomy --- establishing Indication and Technique --A Retrospective Study	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation
OP123	Forqan B Shaikh	Dept of Renal Transplantation NH RTIICS	India	RETROPERITONEOSCOPIC LIVING DONOR NEPHRECTOMY: Experience of 2400 cases at a single center	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation
OP124	Om Prakash	AIIMS, New Delhi	India	Overcoming learning curve in laparoscopic donor nephrectomy using an abbreviated preceptorship -proctorship model	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation
OP125	V. K. Bansal	AIIMS, New Delhi	India	Establishing a laparoscopic donor nephrectomy program- experience learned from >300 cases	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation
OP127	Tarshid ali jahangir	Rabindranath Tagore hospital	India	Renal grafts with multiple renal arteries: our centre's experience.	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation
OP128	Pankaj Panwar	Associate Consultant	India	When length becomes less: minimum renal artery length required in left laparoscopic live donor nephrectomy	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation
OP129	A. Krishna	AIIMS, New Delhi	India	Unusual course of obstructed transplant kidney: A case report	1400 - 1520	2nd October	Hall D	5 min	Mini Oral Presentation
VP1	ANAND DHARASKAR	ADITYA BIRLA MEMORIAL HOSPITAL PUNE	India	Laparoscopic Fenestration procedure for post kidney transplant Lymphocele	1400 - 1520	2nd October	Hall D	8 min	Video Presentation
VP2	Feroz Amir Zafar	Medanta – The Medicity, Gurgaon, India	India	Overcoming the technical challenges of performing Robotic Kidney Transplant with grafts having multiple renal arteries	1400 - 1520	2nd October	Hall D	8 min	Video Presentation
VP3	Bhabatos	DNB	India	Laparoscopic Management of Post Robot assisted renal transplant subcapsular hematoma with Acute Renal Dysfunction- video abstract	1400 - 1520	2nd October	Hall D	8 min	Video Presentation
OP187	Sam-Youl Yoon	Hallym Sacred Heart Hospital	Korea (south)	Fluorescence Cholangiography in Rat	1740 - 1840	1st October	Hall H (CLBS)	8 min	Full Oral Presentation
OP66	Mathews Michael	Amrita Institute of Medical Sciences	India	Randomized Trial between Histidine-Tryptophan-Ketoglutarate [HTK] and Institute of Georges lopez [IGL-1] perfusion solutions in Living Donor Liver Transplantation [LDLT] – An interim analysis	1740 - 1840	1st October	Hall H (CLBS)	8 min	Mini Oral Presentation
OP191	Kengo Shibata	Gastroenterological Surgery, Graduate School of Medicine, Hokkaido University	Japan	Exploration of predictive markers in hepatic warm ischemia and reperfusion injury: Possible roles of Lysophosphatidylinositol (LPI) and Phosphatidylinositol (PI)	1740 - 1840	1st October	Hall H (CLBS)	8 min	Full Oral Presentation

OP198	Ilyassova Bibigul Saparbekovna	The National Scientific Center of Surgery named after A.Syzganov	Kazakhstan	Diagnosis of liver diseases in posttransplant period	1740 - 1840	1st October	Hall H (CLBS)	8 min	Full Oral Presentation
OP194	Pradez Sapkota (India)			The critical role of physiological portal flow for successful Living donor Liver transplantation in adults with Portal Vein	1740 - 1840	1st October	Hall H (CLBS)	8 min	Full Oral Presentation
OP195	Tatsuo Matsuda	Department of Gastroenterological Surgery, Okayama University Graduate School of Medicine, Dentistry and Pharmaceutical Sciences	Japan	De novo Malignancy after Liver Transplantation	1740 - 1840	1st October	Hall H (CLBS)	8 min	Full Oral Presentation
OP130	Sandeep Sahu	Sanjay Gandhi Postgraduate Institute of Medical Sciences	India	TO STUDY THE EFFECT OF INTRAOPERATIVE TRANS-OESOPHAGEAL DOPPLER VERSUS FLOTAC GUIDED FLUID THERAPY ON RENAL ALLOGRAFT OUTCOME IN PATIENTS UNDERGOING LIVING DONOR RENAL TRANSPLANTATION SURGERY	0800 - 0900	2nd October	Hall E	8 min	Full Oral Presentation
OP131	A Waheed Khan	Rabindranath Tagore International Institute of cardiac Sciences, Kolkata India	India	To Study The Effect of Renal Transplantation on Cardiac Functions in CKD Patients	0800 - 0900	2nd October	Hall E	8 min	Full Oral Presentation
OP132	A. T. Maasila	Institute of Nephrology, Madras Medical College, Chennai, Tamil Nadu, India.	India	Prevalence, clinical profile, and outcome of hypertension in renal transplant recipients.	0800 - 0900	2nd October	Hall E	8 min	Full Oral Presentation
OP133	Yajvender Pratap Singh Rana	BLK super speciality hospital	India	Kidney transplant in patients with severely Low Ejection Fraction(15-20%)- Our Experience	0800 - 0900	2nd October	Hall E	8 min	Full Oral Presentation
OP134	Subrahmanian Sathivageesan	Assistant Professor of Nephrology, Trichy SRM Medical College Hospital, Trichy	India	Successful salvage of ruptured renal allograft resulting from renal vein thrombosis	0800 - 0900	2nd October	Hall E	8 min	Full Oral Presentation
OP135	Ji Bao	West China Hospital, Sichuan University	China	Generating gene-editing bama mimi-pigs using rAAV in vivo	1145 - 1300	2nd October	Hall E	5 min	Mini Oral Presentation
OP136	Ji Bao	West China Hospital, Sichuan University	China	Cultivation of liver organoids based on micropattern printing and shaking three-dimensional culture technique	1145 - 1300	2nd October	Hall E	5 min	Mini Oral Presentation
OP137	Mohammad Shakib Uz Zaman Arefin	Kidney Foundation Hospital and Research Institute,Dhaka	Bangladesh	Kidney Transplantation in Bangladesh.	1145 - 1300	2nd October	Hall E	5 min	Mini Oral Presentation
OP138	Vaibhav Tiwari	Clinical Assitant, Nephrology	India	The Reuse of selective Immunoadsorption in ABO incompatible transplant: A single center experience	1145 - 1300	2nd October	Hall E	5 min	Mini Oral Presentation
OP139	Suhas bavikar	Consultant Nephrologist	India	Role and Scope of Plasmapheresis in Transplantation	1145 - 1300	2nd October	Hall E	5 min	Mini Oral Presentation

OP10	Isha Tiwari Arora	Senior Resident	India	The spectrum of renal allograft biopsies carried out in a tertiary care centre in South	1145 - 1300	2nd October	Hall E	5 min	Mini Oral Presentation
OP140	Sanjeev gulati	Fortis Hospital	India	Kidney Transplantation in Children :Improving Outcomes	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP141	Ejaz Ahmed	Sindh Institute of Urology and Transplantation	Pakistan	Cytomegalovirus infection in D+/R+ live related renal transplant: a single center experience from Karachi, Pakistan	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP142	M. Aarthi	Institute of Nephrology, Madras Medical College, Chennai.	India	Pregnancy outcomes in renal transplant recipients in South India over 10 years	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP143	Rana Abhyudaysingh	Nephrology trainee	India	Incidence, risk factors & patient outcomes of Acute kidney injury in patients undergoing Living donor liver transplant	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP144	Santosh Varughese	Christian Medical College Vellore	India	New Onset Diabetes after Transplantation – a prospective cohort study	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP146	HARSHIT SINGH	Department of Nephrology, Sanjay Gandhi Postgraduate Institute Medical Sciences, Lucknow, INDIA	India	Persistent high FGF23 level is Associated with Hypophosphatemia After Renal Transplantation	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP147	SUNIL KUMAR	FORTIS HOSPITAL MOHALI	India	Serum Vitamin D levels in kidney transplant recipients: prognosis and significance	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP148	SUNIL KUMAR	FORTIS HOSPITAL MOHALI	India	Microalbuminuria in kidney transplant recipients with diabetes and stable graft function	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP149	Farina Hanif	Sindh Institute of Urology and Transplantation	Pakistan	Prevalence and characteristics of duodenal villous atrophy in renal transplant patients presenting with persistent diarrhea	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP150	Farina Hanif	Sindh Institute of Urology and Transplantation	Pakistan	Celiac disease in renal transplant recipients	1400 - 1620	2nd October	Hall E	8 min	Full Oral Presentation
OP151	Jay Singh Arora	Senior Resident(D.M Nephrology)	India	Correlation between the pre-transplant duration of maintenance hemodialysis and post-transplant characteristics in patients undergoing renal transplant.	1400 - 1620	2nd October	Hall E	8 min	Mini Oral Presentation
OP152	VARUN GOSAIN	SCB MEDICAL COLLEGE CUTTACK	India	Does NODAT mean NO TAC?' – A case report depicting the reversibility of tacrolimus induced post transplant diabetes mellitus	1400 - 1620	2nd October	Hall E	8 min	Mini Oral Presentation
OP190	Jeayoun Kim	Samsung medical center	Korea (south)	Five-lead electrocardiography monitoring during living donor liver transplantation : incidence and clinical significance of ST segment abnormality	1435 - 1535	2nd October	Hall H (CLBS)	8 min	Full Oral Presentation
	Tirag(India)			Is "Double" still a trouble in Living Donor Liver Transplantation?	1435 - 1535	2nd October			

OP196	SHih-Chao Hsu	China Medical University Hospital	Taiwan	Fast tracking ABO-Incompatible Living Donor Liver Transplantation with Reduced Rituximab dose: A retrospective analysis of 50 patients- Can we achieve long term	1435 - 1535	2nd October	Hall H (CLBS)	8 min	Full Oral Presentation
OP197	Takehisa Ueno	Pediatric Surgery, Osaka University Graduate School of Medicine	Japan	Everolimus rescue treatment after pediatric living donor liver transplantation. -its safety and efficacy	1435 - 1535	2nd October	Hall H (CLBS)	8 min	Full Oral Presentation
OP192	Yoshihiro Hirata	Max Super Speciality Hospital, Saket	India	First report of pediatric liver transplantation within 12 months of life in India	1435 - 1535	2nd October	Hall H (CLBS)	8 min	Full Oral Presentation
OP153	Shivnarayan J Acharya	Acharya Dialysis Centre & Kidney Hospital , Nagpur	India	Dangers of CDC cross match	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP154	PRITI MEENA	SIR GANGA RAM HOSPITAL	India	Post-transplant outcomes in elderly patients undergoing renal transplant	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP155	CELESTE CORINALES	FELLOW IN TRAINING	Philippines	Effect of pre-existing hepatitis infection on the outcome of kidney transplant recipients in the National Kidney and Transplant	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP156	Sucharita Chakraborty	SCB medical college and hospital	India	Incidence of acute rejection in live renal allograft transplants: a prospective comparative study in different modalities of induction	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP157	NIKHIL SHINDE	NH Rabindranath Tagore International Institute of Cardiac Science Kolkata India	India	PROSPECTIVE STUDY TO DETERMINE EFFICACY OF DIFFERENT DOSES OF RITUXIMAB IN DESENSITIZATION FOR ABO-INCOMPATIBLE KIDNEY TRANSPLANTATION	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP158	Pavan Soni	Muljibhai Patel Urological Hospital, Nadiad, India	India	A study of angiotensin II type 1 receptor antibody in living donor kidney transplant	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP159	Maisarah Binti Jalalonmuhali	University Malaya Medial Centre	Malaysia	1-year Outcomes of Living Related Kidney Transplantation in Patients with Preformed HLA-DSA: A Single Centre Experience in Malaysia	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP160	Khawar Abbas	Sindh Institute of Urology and Transplantation	Pakistan	Renal transplantation in highly sensitized patients: SIUT experience	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP161	Maisarah Binti Jalalonmuhali	University Malaya Medical Centre	Malaysia	One year outcome of low immunological risk living related renal transplant using very low dose thymoglobulin as an induction therapy in University Malaya Medical Centre	0800 - 0900	2nd October	Hall I	5 min	Mini Oral Presentation
OP162	Kyo Won Lee	Department of Surgery, Samsung Medical Center, Sungkyunkwan University School of Medicine, Seoul, Korea	South Korea	Induction therapy in kidney transplantation using kidney from expanded criteria donor : long term results comparing anti-IL2 receptor antibody and anti-thymocyte globulin	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation

OP163	Lekshmy Srinivas	1Rajiv Gandhi Centre for Biotechnology, Thiruvananthapuram, India	India	Pharmacogenetics of tacrolimus in South Indian renal transplant recipients	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP164	VIJAYA RAJAKUMARI	APOLLO HOSPITAL NEW DELHI	India	Role of Everolimus in Kidney Transplant	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP165	Shweta	Bombay Hospital	India	Clinical applicability of Tacrolimus Genotyping in kidney transplant patients	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP166	Ryosuke Umino	Department of Renal Transplantation Surgery, Toranomon Hospital	Japan	Favorable short-term outcome of living donor kidney transplantations by pre-transplant splenectomy in flow cytometry crossmatch positive cases	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP167	Seong Gyu Kim	Department of Internal Medicine-Nephrology, The Catholic University of Korea, Seoul St. Mary	South Korea	Effect of bortezomib on chronic antibody mediated rejection in kidney transplantation recipients	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP168	GAGAN DEEP CHHABRA	NEPHROLOGIST	India	ABO-Incompatible renal transplants – searching for the best immunosuppressive protocol.	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP169	Mohit Naredi	Pushpawati Singhanian Research Institute, New Delhi	India	Recurrent thrombotic microangiopathy after renal transplant: a learning lesson	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP170	Rahul Grover	Max Super Speciality Hospital, Saket	India	ABOi Kidney Transplant sans basiliximab/ ATG induction: a cost effective approach	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP171	Praveen Kumar Etta	Consultant Nephrologist, Department of Nephrology and Renal Transplantation, Virinchi Hospitals, Hyderabad, India	India	Guillain-Barre syndrome in an ABO-incompatible renal allograft recipient during pregnancy treated with plasma exchange	1145 - 1300	2nd October	Hall I	5 min	Mini Oral Presentation
OP172	Poorva Singh	National Organ and Tissue Transplant Organization (NOTTO), Directorate General Health Services, MoHFW, GOI	India	2011 Amendment of the Transplantation of Human Organs Act, 1994 ñ Salient Additions and the Challenges in its Execution	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP173	Vasanthi Ramesh	National Organ and Tissue Transplant Organization (NOTTO), Directorate General Health Services, MoHFW, GOI	India	Why NOTTO? – National Organ and Tissue Transplant Organization and Why it’s Crucial to Regulating Organ Donation and Transplantation in India	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP174	Shivnarayan J. Acharya	Acharya Dialysis Centre & Kidney Hospital	India	60 years old man with DM,HT,IHD with CKD stage V - What is best ,Dialysis or Transplantation ?	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP175	Sameer Bhuvania	MD(Medicine), MBBS	India	Gender bias in kidney donation in India : Has it changed over the past 2 Decades ?	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP176	J. I. Roodnat	Erasmus MC	Netherlands	Creating options for difficult-to-match kidney transplant candidates	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation

OP177	Neetu Verma	All India Institute of Medical Sciences, New Delhi, India	India	An increasing Non Heart Beating Donors pool source -Mortuary (Impact of Nurse Transplant Coordinator)	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP178	Abdul Rauf	Sindh Institute of Urology and Transplantation	Pakistan	Accuracy of GFR estimation formulae in determination of glomerular filtration rate in kidney donors: comparison with 24 hours urine creatinine clearance	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP179	Wenshi Jiang	Intelligence Sharing for Life Science Research Institute	China	Research on the public attitude towards organ donation in China -- based on a social media big data analysis	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP180	Wenshi Jiang	Intelligence Sharing for Life Science Research Institute	China	The development of organ donation quality management system adopting international guideline for Chinese hospitals	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP181	Wenshi Jiang	Intelligence Sharing for Life Science Research Institute	China	Developing the educational pathway for organ donation in China: international-joint training program to increase organ donation	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP182	HARI SHANKAR MESHARAM	IKDRC, AHMEDABAD	India	NON SIMULTANEOUS KIDNEY EXCHANGE CYCLES IN RESOURCE RESTRICTED COUNTRIES WITH NON DIRECTED DONATION	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP183	Martí Manyalich	DTI Foundation/University of Barcelona	Spain	EUDONORGAN - Training and social awareness for increasing organ donation in the European Union and neighbouring	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP184	María Paula Gómez	DTI Foundation	Spain	Organ Donation Innovative Strategies for Southeast Asia: ODISSeA	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP185	Chloë Ballesté	DTI Foundation / University of Barcelona	Spain	Master education for Donation and Transplantation: a 15-year experience	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
OP186	Chloë Ballesté	University of Barcelona/ DTI Foundation	Spain	Knowledge transfer and leadership in organ doantion from Europe to China-KeTLOD	1400 - 1620	2nd October	Hall I	8 min	Full Oral Presentation
