

<b>Id</b>	<b>Full Name</b>	<b>Institution Name</b>	<b>Country</b>	<b>Abstract Title</b>	<b>Presentation Date</b>
PP1	Duangtawan Thammanichanond	Mahidol University	Thailand	Antibody-mediated rejection due to donor-specific HLA-DQB1 and DQA1 antibodies after kidney transplantation: A case report	30th September 2019
PP2	MAULIK PATEL	IKDRC-ITS	India	Successful Renal Transplantation in a Patient with Perinuclear Antineutrophil Cytoplasmic Antibody-associated Vasculitis with Chronic Kidney Disease with Complement-dependent Cytotoxicity Crossmatch Positivity (Autoantibody Induced) and Donor-specific	30th September 2019
PP3	ricken mehta	institute of nephrourology	India	Recurrent Glomerulonephritis after Kidney	30th September 2019
PP4	VINAYAK M	KILPAUK MEDICAL COLLEGE	India	A CASE OF 2,8 DIHYDROXY ADENINE NEPHROPATHY IN THE RENAL ALLOGRAFT	30th September 2019
PP5	Faizan Ahmed Abdul Irfan Ansari	Nizam's Institute of Medical Sciences	India	Renal transplant malakoplakia: A rare case report	30th September 2019
PP6	Szu-Han Wang	Changhua Christian Hospital		Living Donor Liver Transplantation for HELLP Syndrome	30th September 2019
PP7	Taiji Nozaki	Juntendo Univ. Urayasu Hospital	Japan	Nephron-sparing surgery of de novo renal cell carcinoma in an kidney allograft	30th September 2019
PP8	Aniketh Prabhakar	Mulijibhai Patel Urological Hospital	India	Successful management and Good outcome in a case of multiple myeloma manifesting post renal transplant	30th September 2019
PP9	Vinod Kumar K	Aster Medcity	India	Gastrointestinal Post-Transplant Lymphoproliferative Disorder In A Pediatric Renal Allograft Recipient	30th September 2019
PP10	Ramiz panjwani	Amrita institute of medical science	India	Primary central nervous system lymphoma masquerading as chronic meningitis in post-transplant patient	30th September 2019
PP11	Ashok Thorat	China Medical University Hospital	Taiwan	Extra-hepatic De novo malignancies developing in recipients after liver transplantation: Single center retrospective analysis	30th September 2019
PP12	Chang Hun Lee	Korea University College of Medicine	South Korea	Delayed venous thrombosis following the refractory cellular rejection	30th September 2019
PP13	Kengo Fukuoka	Tohoku university hospital	Japan	Chronic active antibody-mediated rejection with donor-specific anti-HLA-DP antibody following living donor kidney transplantation: A case report	30th September 2019
PP14	Jin Min Kong	Hanseu hospital	South Korea	a case of ABO incompatible kidney transplantation with a very-high anti-ABO titer along with positive CDC crossmatch.	30th September 2019
PP15	Tomohisa Matsunaga	Department of Urology, Osaka Medical College	Japan	Successful Treatment of Antibody-Mediated Rejection (AMR) by de novo Donor specific antibody (DSA) after primary renal transplantation in a recipient from a cadaveric donor: A Case Report	30th September 2019
PP16	Samrajya Isukapati	AIIMS, New Delhi	India	Hyperacute rejection following LRRT: A Case Report	30th September 2019

PP17	Dr. Nagabhushan Moolky	Independent Senior Consultant	United States of America	Beneficial effects of curcumin in tissue and organ transplantation	30th September 2019
PP18	hiroaki shimmura	Jyoban Hospital	Japan	Successful pregnancy and delivery after ABO incompatible kidney transplantation using eculizumab induction	30th September 2019
PP19	senthilkumar K	KILPAUK MEDICAL COLLEGE	India	Post renal transplant symmetrical sensory motor neuropathy: A rare case report.	30th September 2019
PP20	Yoshikatsu Saitoh	Tohoku University	Japan	Successful experiences of ABO incompatible adult liver transplantation: recipient's preoperative IgG titer was 1:4096	30th September 2019
PP21	Rathi Baskaran	PSG Hospitals	India	Posterior Reversible Encephalopathy Syndrome- Case Report	30th September 2019
PP22	Takehisa Ueno	Osaka University Graduate School of Medicine	Japan	Serum trough concentration of mycophenolate mofetil and effects based on pathological findings in infant after liver transplant	30th September 2019
PP23	Sunghoon Cho	Kyungpook National University Hospital	South Korea	Are only pre-transplant rituximab and plasma exchange sufficient for desensitization protocol of ABO incompatible LDLT?	30th September 2019
PP24	Sunghoon Cho	Kyungpook National University Hospital	South Korea	Listeria monocytogenes endophthalmitis in immunocompromised patient	30th September 2019
PP25	Sunghoon Cho	Kyungpook National University Hospital	South Korea	Pure laparoscopic donor right hepatectomy in donor with severe portal vein anomaly	30th September 2019
PP26	Arun Kumar N	COLUMBIA ASIA REFERRAL HOSPITAL	India	Prospective cohort study of how the Kidney is performed in Orthotopic Liver Transplant patients ñ A preliminary	30th September 2019
PP27	Jong Won Hong	Yonsei University	South Korea	Effect of adipose-derived mesenchymal stem cells on regulatory T cell induction and skin allograft survival	30th September 2019
PP89	Shuichi Tatarano	Kagoshima University	Japan	Preoperative screening of deep venous thrombosis in the living kidney donor	30th September 2019
PP90	Hideaki Sasajima	Tohoku university	Japan	Cytoprotective Effects of Mesenchymal Stem Cells during Liver Transplantation from Donors after Cardiac Death in Swine	30th September 2019
PP91	Shuhei Yamada	Tohoku UNiversity	Japan	The Effects of Short-Term Normothermic and Subnormothermic Perfusion after Cold Preservation on Liver Transplantation from Donors after Cardiac Death	30th September 2019
PP65	Shigehito Miyagi	Tohoku university hospital		Liver transplantation for the carryover patients who have the history of multiple laparotomies including Kasai's operation	30th September 2019

PP66	JOODONG KIM	Catholic university of Daegu, school of medicine	South Korea	A novel reconstruction method for adjacent multiple bile duct during living donor liver transplantation; Dunking with mucosal eversion technique	30th September 2019
PP67	JOODONG KIM	Catholic university of Daegu, school of medicine	South Korea	the feasibility of dual living donor liver transplantation from donors with complex portal vein variations	30th September 2019
PP68	NAOHISA KURIYAMA	Mie University Graduate School of Medicine	Japan	Surgical procedures of portal venous reconstruction in adult-to-adult living donor liver transplantation recipients with portal vein thrombosis	30th September 2019
PP69	Doojin Kim	Gachon University Gil Hospital	South Korea	One orifice outflow reconstruction with commercialized Dacron Y-graft in various tributaries of right liver graft	30th September 2019
PP70	Pankaj Prasoon	Division of Digestive and General Surgery, Niigata University Graduate School of Medical and Dental Sciences, Niigata, Japan	Japan	Successful surgical treatment of severe hepatic encephalopathy caused by portosystemic collaterals after living donor liver transplantation: A case report	30th September 2019
PP71	Takashi Kobayashi	Division of Digestive and General Surgery, Niigata University Graduate School of Medical and Dental Sciences	Japan	Living donor liver transplantation for more than 30-year survived patients with native liver after Kasai operation for biliary atresia	30th September 2019
PP28	NUR HIDAYATI MOHD SHARIF	Universiti Teknologi MARA	Malaysia	Ganciclovir Resistant CMV Infection In A Renal Transplant Recipient Treated With Immunoglobulins - A Case Report	1st October 2019
PP29	Faizan Ahmed Abdul Irfan Ansari	Nizam's Institute of Medical Sciences	India	Multidrug-resistant Tuberculosis in Renal Transplant recipient: Case report	1st October 2019
PP30	PAYAL GAGGAR	Nizams instiutue of Medical sciences	India	Mucormycosis and CMV co-infection in a renal transplant recipient	1st October 2019
PP31	Pratiksha Piplewar	Amrita Institute of Medical Sciences and Research Centre, Kochi, Kerala	India	A Rare Case Of Colonic Histoplasmosis And Cytomegalovirus Infection In A Kidney Transplant Patient In Non Endemic Region	1st October 2019
PP32	SOICHI MATSUMURA	Osaka university Graduate School of Medicine Department of Urology	Japan	Five cases of BK virus nephropathy treated with intravenous immunoglobulin (IVIg) after living kidney	1st October 2019
PP33	Seak Hee Oh	Seoul Asan Medical Center	South Korea	Valganciclovir use for CMV infection under a hybrid strategy in pediatric liver transplantation	1st October 2019
PP34	Takehisa Ueno	Osaka University Graduate School of Medicine	Japan	One-year pre-emptively Valganciclovir administration in children after liver transplantation.	1st October 2019
PP35	Takehisa Ueno	Osaka University Graduate School of Medicine	Japan	Beta D glucan level with an anti-adhesion barrier film in Pediatric Living Donor Liver Transplantation	1st October 2019
PP36	Sung Kwang Park	Chonbuk University Hospital	South Korea	A Case of Twist in Transplant Renal Artery treated by Transluminlal Ballooning Angioplasty	1st October 2019

PP37	Yasutoshi Yamada	Department of urology, Graduate school of medical and dental sciences, Kagoshima University	Japan	Successful kidney transplantation with severe preexisting heart failure (EF14%) using pulmonary edema monitoring support.	1st October 2019
PP38	Atsuyoshi Mita	Shinshu University School of Medicine	Japan	Segmental steatosis due to the portal vein stricture after pediatric living donor liver transplantation: A case report	1st October 2019
PP39	Szu-Han Wang	Changhua Christian Hospital	Taiwan	Natural course and predisposing risk factor of persistent diarrhea in donors after hepatectomy	1st October 2019
PP40	Shigehito Miyagi	Tohoku UNiversity	Japan	The risk of living donor liver transplantation using small-for size grafts	1st October 2019
PP41	Juhyun	samsung medical center	South Korea	Second - generation laryngeal mask airway in living liver donors; a single-blind randomized controlled trial	1st October 2019
PP42	eun kyung lee	Samsung Medical Center	South Korea	Symptomatic bradycardia during laparoscopic living donor hepatectomy: the incidence and the risk factors	1st October 2019
PP43	Sarbpreet singh	PGIMER	India	Outcome of kidney transplantation from donation after circulatory death	1st October 2019
PP44	Zhassulan Baimakhanov	A.N. Syzganov's National Scientific Center of Surgery	Kazakhstan	Evolution of liver transplantation in Kazakhstan: two-era experience of a single center	1st October 2019
PP45	Ashish Kumar Mishra	AIG Hospitals	India	Fate of 500 referrals to a Liver Transplant Surgical Unit in India. Are we saving enough lives?	1st October 2019
PP46	Vikas Patel	IKDRC-ITS	India	Experience of organ donation and procurement training in state of Gujarat.	1st October 2019
PP47	Huanxi Zhang	the first affiliated hospital of Sun Yat-sen university	China	Pre-transplantation biopsy-proven severe tubular injury prolonged the allograft function recovery after deceased kidney transplantation	1st October 2019
PP48	JOODONG KIM	Catholic university of Daegu, school of medicine	South Korea	The safety and efficacy of living donor hepatectomy without systemic heparinization : short-term and long-term outcomes.	1st October 2019
PP49	DAISUKE NOGUCHI	Department of Hepatobiliary Pancreatic and Transplant Surgery, Mie University Graduate School of Medicine	Japan	Activation of survival signaling by protease-activated receptor-1 antagonist protects mouse liver from apoptosis in ischemia-reperfusion injury	1st October 2019
PP50	Tae Yoo	Hallym university college of medicine	Korea (south)	Impacts of PNPLA3 (rs738409-G) polymorphism on post-transplant outcomes after liver transplantation for alcoholic liver disease	1st October 2019
PP51	Scientia	Max superspeciality hospital Saket	India	A case of Liver amyloidosis in renal transplant recipient	1st October 2019
PP52	Chia-Kai Liu	Kaohsiung Chang Gung Memorial Hospital	Taiwan	Effectiveness in preventing acquired hyponatremia by using Dextrose 5% in 0.45% saline instead of 0.225% saline in pediatric living liver donor hepatectomy.	1st October 2019

PP53	Shao-Yun Hou	Kaohsiung Chang Gung Memorial Hospital	Taiwan	Impact of blood transfusion on the serum glucose of pediatric living liver donor transplantation.	1st October 2019
PP54	Shao-Yun Hou	Kaohsiung Chang Gung Memorial Hospital	Taiwan	Acute kidney injury in adult living donor liver transplantation performed with different methods of inferior vena cava clamping maneuvers.	1st October 2019
PP55	Shao-Yun Hou	Kaohsiung Chang Gung Memorial Hospital	Taiwan	Anesthetic fluid management of patients with hyponatremia undergoing living donor liver	1st October 2019
PP56	Chia-Kai Liu	Kaohsiung Chang Gung Memorial Hospital	Taiwan	Comparison of glucose loads and blood glucose changes in patients with and without diabetes mellitus undergoing living donor liver transplantation	1st October 2019
PP57	Venkanna Babu Akula	Amrita Institute of Medical Sciences & Research	India	LIFE AFTER LIVER TRANSPLANT	1st October 2019
PP82	Kyeong Sik Kim	SoonChunHyang University Seoul Hospital	South Korea	Long-term outcome of the Rendezvous technique in patients with severe biliary anastomotic stricture that cannot cannulate after liver transplantation	1st October 2019
PP83	Wang, Cheng-Kang	Department of Diagnostic Radiology, Kaohsiung Chang Gung Memorial Hospital and Chang Gung	Taiwan	Imaging Diagnosis of Biliary Complications of ABO-Incompatibility in Living Donor Liver Transplantation	1st October 2019
PP84	Yuzo Umeda	Okayama University	Japan	Preoperative proximal splenic artery embolization: alternative portal modulation for prophylaxis of small-for-size syndrome.	1st October 2019
PP85	Geun Hong	EWHA Womans University	South Korea	Non-Surgical Management of Portal Vein Shunt and Splenomegaly after Liver Transplantation (case)	1st October 2019
PP86	An-Ni, Lin	Kaohsiung Chang Gung Memorial Hospital	Taiwan	Management of biliary stricture in pediatric living donor liver transplantation recipients	1st October 2019
PP87	Kohei Miura	Department of Transplantation and Pediatric Surgery, Postgraduate School of Medical Science	Japan	Domino liver transplantation in a patient with erythropoietic protoporphyria: A case report	1st October 2019
PP72	Ahmed Shehta	Mansoura University	Egypt	Clamp-Crush Technique Versus Harmonic Scalpel for Hepatic Parenchymal Transection in Living Donor Hepatectomy: a Randomized Controlled Trial	1st October 2019
PP73	L Sasidhar Reddy	Apollo Hospitals	India	Waterjet: An effective, safe tissue-selective tool for Parenchymal Transection in Live Donor Liver	1st October 2019
PP74	Mohammed Mehfuz-E-Khoda	BIRDEM General Hospital	Bangladesh	Time-dependent variations in urine output and serum creatinine levels during post-kidney transplantation hospital stay period	1st October 2019
PP88	Mei-Feng Huang	Changhua Christian Hospital	Taiwan	Graft-versus-Host Disease after Living Donor Liver Transplantation	1st October 2019

PP58	Takashi Kobayashi	Division of Digestive and General Surgery, Niigata University Graduate School of Medical and Dental Sciences	Japan	Inguinal herniation after living donor kidney transplantation: a case report	2nd October 2019
PP59	UMAR MAQBOOL	AIIMS, New Delhi	India	LAPAROSCOPIC REPAIR OF POST TRANSPLANT HERNIA: A CASE REPORT	2nd October 2019
PP60	Mohankumar vijayakumar	Muljibhai npatel urological hospital	India	Renal artery graft Aneurysm repair: a surgical success	2nd October 2019
PP61	Faizan Ahmed Abdul Irfan Ansari	Nizam's Institute of Medical Sciences	India	External Iliac Artery Dissection During Renal Transplantation: A Case Report	2nd October 2019
PP62	SHIVAKUMAR S P	PGIMER	India	SUCCESSFUL TREATMENT OF TRANSPLANT RENAL ARTERY STENOSIS WITH BARE METALLIC STENT IN A PATIENT WITH SIMULTANEOUS PANCREAS AND KIDNEY TRANSPLANTATION: A CASE REPORT	2nd October 2019
PP63	SHIVAKUMAR S P	PGIMER	India	A single centre experience of simultaneous pancreas kidney transplantation from India	2nd October 2019
PP64	sahil rally	PGIMER, Chandigarh	India	Experience with 15 years of Laproscopic Donor Nephrectomy	2nd October 2019
PP75	V.Narayanan Unni	Aster Medcity	India	Robot assisted Vs Open renal transplantation surgery- our experience	2nd October 2019
PP76	Hajime Hirano	Osaka Medical College	Japan	Promoting a medical system for renal transplantation in the remote island in Japan. Long time Efficacy and Safety follow-up for 10years.	2nd October 2019
PP77	Kyo Won Lee	Samsung Medical Center	South Korea	Outcomes of Dual Kidney Transplantation: Comparison to Single Kidney Transplantation From Standard and Expanded Criteria Donors.	2nd October 2019
PP78	DAISUKE ISHII	KITASATO University	Japan	Three cases of post-transplant lymphoproliferative disorders in the central nervous system after kidney transplantation.	2nd October 2019
PP79	Avnish Kumar Seth	Fortis Organ Retrieval & Transplant(FORT)	India	S-DOT (Seth-Donation of Organs & Tissues) Score for assessment of hospitals for best practices in organ donation after brain death.	2nd October 2019
PP80	Rabin Nepali	Institute of Medicine	Nepal	Experience of starting ABO incompatible renal transplant in Nepal	2nd October 2019
PP81	Seok-Chan Eun	Seoul National University Bundang Hospital, Seoul National University College of Medicine	South Korea	Prevention of alloskin graft rejection by viral IL-10 gene transfer	2nd October 2019
PP92	Siddharth Mittal	Institute of Liver and Biliary	India	HLA and Liver Transplant – An Enigma	2nd October 2019
PP93	Neetu Verma	All India Institute of Medical Sciences, New Delhi, India	India	An increasing Non Heart Beating Donors pool source - Mortuary (Impact of Nurse Transplant Coordinator)	2nd October 2019

PP94	Akanksha Sharma	All India Institute of Medical Sciences, Ansari Nagar, New Delhi	India	High resolution HLA typing strategy for donor selection: need of the hour	2nd October 2019
